

Mbarara School Projects

Shoes \$3,000

The dirty uneven ground and continual growth of our kids makes it difficult to keep a good pair of shoes on their feet.

***P7 desks \$800**

***P7 textbooks \$300**

***P7 classroom \$6,000**

This year we have a large P7 class at Mbarara and some of the students are learning faster than others. We have had to split the grade into two groups. In order to do this we quickly need to provide and adequate accommodations for them.

***Kitchen \$8,000 80% funded**

A generous supporter donated funds to build this much needed kitchen which provides almost 1,000 meals per day. However, with rising costs on the supplies needed we need more assistance to complete the project.

Replace rotten timbers \$700 funded

Most of our Mbarara school just has temporary structures for classrooms. Unfortunately the timbers that make up the walls have gotten rotten from the weather and many are needing to be replaced to keep the rain out of the classroom.
