

Pastor Needs Descriptions

Pastor Charles' house \$5,000 Funded

Pastor Charles oversees all of our construction at our Mbarara and Katyazo sites. However, he has never been able to build a house for Grace, his wife, and their five children. Right now he is about halfway finished with their house, building more as he gets the money. Assistance with this project would be such a blessing to him.

Pastor Ignatius Church \$3,000

Pastor Ignatius recently graduated from our Ezra School of Ministry. His church body built a church with the materials they had, but a strong wind came and blew it down.

***Pastor Reuben (pictured) House \$8,000**

Pastor Reuben oversees our Ezra School of Ministry, spending months with our pastors to train them. He and his wife Allen have lived in a small, two room mud hut with their eight children for many years. Recently this mud hut collapsed, making their need to finish their new home a priority. Please pray for them as they take shelter in their church until their home is complete. For the whole story about their home you can check out the blog about it here: <http://www.parentalcareministries.org/wordpress/?p=6582>

Zone leader motorbikes 3 @ \$1,350 each

We have five pastors who are our zone leaders. They each oversee about 10 churches. Motorbikes are needed for them to be able to visit and encourage the pastors they oversee as well as their own congregations. 2 motorbikes have been provided so far.
