

# Rwemikoma School Projects

## **Drums \$100 Pledged**

Our children love to play music and sing to our Lord. Drums are a big part of their culture, but at this time they just play drums made out of jerry cans.

## **Shoes \$2,000**

The dirty uneven ground and continual growth of our kids makes it difficult to keep a good pair of shoes on their feet.

## **P6 textbooks \$300 Funded**

P6 is a new grade at Rwemikoma this year. To continue educating the students we must provide good textbooks.

## **Water boy better bike \$130 Funded**

Because there is no water in the area, our Rwemikoma Water Boy must make several trips to the well a day in order to provide enough water for over 200 children.

## **Concrete floors \$10,000**

## **Plaster buildings \$5,000**

## **Doors, windows for all classrooms \$2,000**

Our Rwemikoma school is a brick building, but at this point it is just a shell. Dirt floors, bare walls, and holes for windows and doors make it difficult to keep the buildings clean and well maintained.
