

# Sanga School Projects

**Food program \$6,000 65% funded**

**Kitchen \$1,500**

Many of the children in the Sanga district come from very poor homes and may not get a good meal each day. Providing a hot meal at the school each day will be a great step towards meeting their physical needs.

**\*2 more classrooms \$6,000**

The temporary classrooms that are being used now are not safe for the children. The wood is rotting and the structure could collapse in a strong wind.

**\*Desks \$1,500**

At the present time the school is very short on desks to provide the children a place to sit and work.

**Shoes \$2,500**

The dirty uneven ground and continual growth of our kids makes it difficult to keep a good pair of shoes on their feet.

**\*Books \$300**

At this time many of the older children are still learning the basics. However, more books are needed to give them an opportunity to learn more easily.
